

### SECTION 1 – IDENTIFICATION

GHS Product Identifier | Trade Name: Cola®Det DEF-15  
CAS Number: Proprietary  
Chemical Name: Surfactant Blend  
Uses of the Substance / Mixture: Surfactant for various applications  
Company Name: Colonial Chemical, Inc.  
Company Address: P.O. Box 111, South Pittsburg, TN 37380 USA  
Phone Number: (P) 423.837.8800 (F) 423.837.3888  
Emergency Phone Number: Colonial Chemical: 423.837.8800 Chemtrec: 800.424.9300

### SECTION 2 – HAZARDOUS IDENTIFICATION

Classification: (Regulation EC No 1272/2008)

None

Classification: (67/548/EEC,1999/45/EC)

None

Label Elements:

Hazardous products which must be listed on the label:  
None

Globally Harmonized System of Classification and Labeling of Chemicals (GHS)

The product does not need to be labeled in accordance with EC directives or respective national laws.

Precautionary statements:

**General**  
None

**Prevention**

P280 Wear protective gloves/ eye protection/ face protection.

**Response**

P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P308 IF exposed or concerned: P310 Immediately call a POISON CENTER or doctor/physician

**Storage**

P401 Store in an area between 10-49°C

P404 Store in a closed container

P420 Store away from strong oxidizing agents and reducing agents

**Disposal**

P501 Dispose of contents/container in accordance with local, regional, national and/or international regulations.

### SECTION 3 – COMPOSITION / INFORMATION ON INGREDIENTS

Substance

Chemical nature: Surfactant Blend

Information on Components and Impurities

### SECTION 4 – FIRST AID MEASURES

Description of necessary first-aid measures

General advice:

Show this safety data sheet to the doctor in attendance. First aider needs to protect himself/herself. Place affected clothing in a sealed bag for subsequent decontamination.

Inhalation:	Remove victim to fresh air. Administer oxygen if breathing is difficult. Give artificial respiration if victim is not breathing.
Skin contact:	In case of contact with substance, immediately flush skin with running water for at least 20 minutes. Remove and isolate contaminated clothing and shoes. If skin irritation continues: Get medical attention.
Eye contact:	In case of contact with substance, immediately flush eyes with running water for at least 20 minutes. If present and easy to do, remove contacts. If eye irritation persists, consult a physician.
Ingestion:	Do NOT induce vomiting without medical advice. Drink water as a precaution. Call a physician or poison control center immediately. Never give anything by mouth to an unconscious person.

### SECTION 5 – FIREFIGHTING MEASURES

#### Extinguishing media

Suitable extinguishing media: H2O Spray, CO2, Dry Chemical, BC/ABC Extinguishers

#### Special hazards arising from the substance or mixture

Specific hazards during firefighting: On heating there is a risk of a build-up of pressure in hermetically sealed containers or tanks. On combustion forms carbon monoxide, carbon dioxide, potassium oxide. Highly flammable gas is released, which increases fire/explosion hazards.

#### Advice for firefighters

Special protective equipment: Self-contained breathing apparatus (EN 133)  
Full protective suit

### SECTION 6 – ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

Wear suitable protective equipment. Do not touch damaged containers or spilled material unless wearing suitable protective clothing.

#### Methods for Cleaning or Taking Up

SMALL SPILLS: Take up with sand or other non-combustible absorbent material and place into containers for later disposal.

LARGE SPILLS: Dike far ahead of spill for later disposal. To avoid gelling and foaming problems, do not use water to flush to industrial sewer. Spills may be reportable to local, state, federal and/or provincial authorities.

#### Additional advice

Prevent entry into waterways, sewers, basements or confined areas.

### SECTION 7 – HANDLING AND STORAGE

#### Handling

Advice on safe handling and usage: Avoid contact with skin and eyes. Do not breathe vapors/dust.

#### Storage

Recommended: Store between 10 – 49 °C.  
Keep container tightly closed when not in use.  
Keep away from heat and sources of ignition.  
Keep away from incompatible materials (strong acids and strong oxidizing agents).

### SECTION 8 – EXPOSURE CONTROLS / PERSONAL PROTECTION

#### Control Measures

Engineering measures: Avoid splashes. Apply technical measures to comply with any occupational exposure limits when applicable.

#### Personal protective equipment

Respiratory protection: In the case of insufficient ventilation, wear suitable respiratory equipment.

Hand protection:

Wear appropriate gloves. In EU member states, gloves should satisfy the specification of EU Directive 89/686/EEC and the standard EN 374 derived from it. Please observe instructions provided by the glove supplier regarding permeability and breakthrough time. Also, take into consideration the specific local conditions under which the product is used, such as danger of cuts,

abrasion and the contact time. Gloves must be inspected prior to use. Gloves should be discarded and replaced if there is any indication of degradation or chemical breakthrough.

Eye protection:	Wear safety goggles. In case of contact through splashing: Wear face-shield and protective suit.
Skin and body protection:	Wear appropriate clothing to avoid direct skin contact. Remove and wash contaminated clothing before wearing again.
Hygiene measures:	Emergency equipment nearby and immediately accessible, with instructions for use. Ensure that eyewash stations and safety showers are close to the workstation location. Use clean, well-maintained personal protection equipment. Store the personal protection equipment in a clean location away from the work area. Contaminated work clothing should not be allowed out of the workplace. Before re-use, thoroughly clean personal protection equipment. Wash hands before breaks and immediately after handling the product. Shower or bathe at the end of working. When using the product do not eat, drink or smoke.
Protective measures:	The protective equipment must be selected in accordance with current CEN standards and in cooperation with the supplier of the protective equipment. Selection of appropriate personal protective equipment should take into account the performance of the protective equipment relative to the task(s) to be performed, conditions present, duration of use, and the potential hazards and/or risks that may occur during use.

### SECTION 9 – PHYSICAL AND CHEMICAL PROPERTIES

#### Appearance

Form:	Liquid
Physical state:	Liquid
Color:	Yellow
Odor:	characteristic
Odor Threshold:	no data available

#### Safety data

pH 10% aqueous:	9.0
Melting point/range:	no data available
Boiling point/boiling range:	no data available
Flash Point:	>100°C, closed cup
Flammability:	no data available
Auto-ignition temperature	no data available
Water solubility:	soluble
Solubility in other solvents	no data available
Partition coefficient: noctanol/water:	no data available
Vapor Density:	no data available
Vapor pressure:	no data available
Evaporation rate:	no data available
Relative vapor density:	no data available
Specific Gravity:	1.02 at 25°C
Oxidation/Reduction Potential:	no data available
Viscosity:	no data available
Explosive properties:	no data available
Thermal decomposition:	no data available
Lower explosion limit:	no data available
Upper explosion limit:	no data available

### SECTION 10 – STABILITY AND REACTIVITY

Chemical Stability	Stable under normal conditions
Hazardous reactions	
Conditions to avoid	Prolonged, excessive heat
Materials to avoid	Strong oxidizing agents, reducing agents

### SECTION 11 – TOXICOLOGICAL INFORMATION

#### Acute toxicity

Acute oral toxicity:	no data available
Acute inhalation toxicity:	no data available
Acute dermal toxicity:	no data available
Other routes of administration:	no data available
Aspiration toxicity:	no data available

**Skin corrosion/irritation**  
Skin irritation: no data available

**Serious eye damage/eye irritation**  
Eye irritation: no data available

**Respiratory or skin sensitization**  
Sensitization: no data available

**Repeated dose toxicity**  
Repeated dose toxicity: no data available

**STOT**  
STOT - single exposure: no data available  
STOT - repeated exposure: no data available

**Carcinogenicity**  
Carcinogenicity: no data available

**Mutagenicity**  
Genotoxicity in vitro: no data available  
Genotoxicity in vivo: no data available

**Reproductive toxicity**  
Reproductive toxicity: no data available

## SECTION 12 – ECOLOGICAL INFORMATION

**Ecotoxicity assessment**  
Ecotoxicity assessment: no data available

**Persistence and degradability**  
Biodegradability: no data available

**Other adverse effects**  
Environment assessment: not classified as dangerous for the environment according to EC criteria

## SECTION 13 – DISPOSAL CONSIDERATIONS

**Product Disposal**  
Advice on Disposal: Dispose of in accordance with local regulations.

## SECTION 14 – TRANSPORTATION INFORMATION

ADR	not regulated
RID	not regulated
IMDG	not regulated
IATA	not regulated
ADN / ADN R	not regulated

Note: The above regulatory prescriptions are those valid on the date of publication of this sheet. Given the possible evolution of transport regulations for hazardous materials, it would be advisable to check their validity with your sales office.

## SECTION 15 – REGULATORY INFORMATION

TSCA:	Listed
Canada (DSL):	Listed
Korea (ECL):	Listed

Follow all regulations in your country or region. Colonial Chemical, Inc is unable to confirm all regulatory information in regard to the substances in your country or region, and this information is subject to change without notice.

### SECTION 16 – OTHER INFORMATION

Full text of H-Statements referred to under sections 2 and 3.

Full text of P-Statements referred to under sections 2 and 3.

P273	Avoid release to the environment.
P280	Wear protective gloves/ eye protection/ face protection.
P305 + P351 + P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P312	Call a POISON CENTER or doctor/physician if you feel unwell
P401	Store in an area between 10-49°C
P404	Store in a closed container
P420	Store away from strong oxidizing agents and reducing agents
P501	Dispose of contents/ container to an approved waste disposal plant.

<b>HEALTH</b>	<b>2</b>
<b>FLAMMABILITY</b>	<b>1</b>
<b>REACTIVITY</b>	<b>0</b>
<b>PERSONAL PROTECTION</b>	<b>B</b>

The information provided in this Safety Data Sheet is accurate to the best of Colonial Chemical, Inc.'s knowledge. No guarantees or liabilities are expressed or implied. Because users are most aware of the application of the product, they must ensure that proper personal protective equipment (PPE) is provided consistent with the information contained in the product SDS. This information is intended solely for the use of individuals trained in the particular hazard rating system. It does not release users from ensuring they are in conformity with all regulations linked to its activity.
